NOTICE OF AWARD

Ms. Elois Jenkins
Business Development Specialist
Washington District Office
Small Business Administration
1111 18th Street, N.W., 6th Floor
Washington, D.C. 20036

Dear Ms. Jenkins:

The proposal of \$817,734.32, as submitted by MTI Construction Company, under your 8(a) program, in response to the Department of Transportation, Federal Highway Administration Request for Proposal No. DTFH71-85-R-00007, for the construction of George Washington Memorial Parkway Project 1A58 for the acceleration lane from CIA-FHWA area in Fairfax County, Virginia, is hereby accepted. The Federal Highway Administration Contract No. is DTFH71-85-C-00036.

Enclosed are six copies of the Proposal and Contract Booklet containing MTI Construction Company's bid and the standard forms for Performance and Payment Bonds. If the contract document meets with your approval, please have the contracts executed by the Small Business Administration, and return one to MTI Construction Company and one to this office.

Also, please have the bonds executed by MTI Construction Company, in conformity with the instructions printed on the forms. The Performance Bond should be executed in the amount of 100 percent of the total contract amount. The Payment Bond should be executed in the amount of 50 percent of the total contract amount. One copy of the Agent's Power of Attorney, in effect on the date the bonds are executed, should be attached.

Also enclosed for your information is a copy of each of the following:

1. Negotiations memorandum to the Division Engineer dated August 26, 1985.
2. Recommendation of award memorandum to the Division Engineer dated August 26, 1985, with legal review and approval by the Board.

OL 20365-85

3. Cost and pricing data submitted by MTI Construction Company.
4. Tabulations of Offer and Engineer's Estimate.
5. Copy of our offering letter and SBA's acquisition letter.
6. Representations and Certifications and 8(a) General Provisions are included as part of the Proposal Booklet.

The Contracting Officer is:

Mr. Gary L. Klinedinst
Division Engineer
Federal Highway Administration
Eastern Direct Federal Division
1000 North Glebe Road
Arlington, Virginia 22201
Telephone: 703-557-9070

The authorized representative of the Contracting Officer for administration and supervision of this contract is Mr. William G. Bartenstein, Construction Engineer.

The Construction Operations Engineer for this project will be:

Mr. Stephen P. Boch
Construction Operations Engineer
Federal Highway Administration
Eastern Direct Federal Division
1000 North Glebe Road
Arlington, Virginia 22201
Telephone: 703-557-0960

A project engineer will be designated and made known to MTI Construction Company at the preconstruction conference. The administrative procedures and other redelegation of authority will also be explained at the preconstruction conference.

The Construction Operations Engineer will contact MTI Construction Company concerning the scheduling of this conference.

3

All subsequent correspondence shall be with the Construction Operations Engineer or the Project Engineer.

A written notice will be issued to MTI Construction Company when it is determined that work is to proceed.

Sincerely yours,

~~Gary L. Klinedinst~~

Gary L. Klinedinst
Division Engineer
